Clarification Log

Project Number: P21165

Project Title: Gateway St at Kruse Way Intersection Improvements

Date		Response
7-05-2022	Wire Conflict, Page DB01	There is currently an underground wire directly under the planned location of the southern RRFB pole. The City of Springfield is working on plans to have the wire relocated to the south before project construction.
7-05-2022	ODOT Permit	Construction is happening in the proximity of ODOT territory, and the City of Springfield is communicating with ODOT to determine if any permitting is needed. If permits are needed, the city will handle related costs and any needed planning.
